**\$BEEPower coins**

## Coin Financial Details

Email: [business@macroansy.org](mailto:business@macroansy.org)

Web site: <https://macroansy.org>

First issue: 17 April 2018, Updated 03 Jun 2019

### **1.0 Abstract**

This Document specifies the Coin financial details. \$BEE was the first project coin deployed for funding during March 2018 to first week of April 2018. It is on blockchain, but it is formally deemed closed for this project from first week of April 2018.

\$BEEPower Coin with more functionality and safety features was deployed for funding during first week of April 2018. From first week of April 2018 to first week of June 2018 the funding strategy was a Limited Time Crowd Sale. The Crowd Sale was closed on first week of June 2018 and thereafter the funding strategy was changed to 'Open Ended Sale without Time Limit'. This is the present status of Sale strategy of \$BEEPower coin and currently the sale is ongoing.

#### 4.0 Venture Capital (VC) Reserves

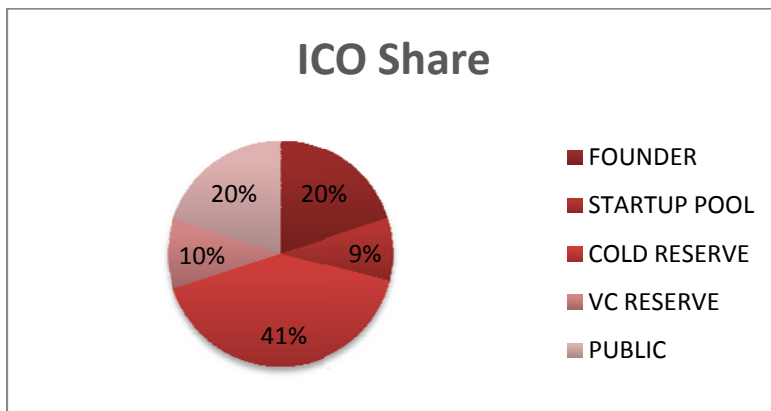

Venture Capital Coin Reserve is 10% of Current Market Cap.

This reserve can be bought by Wire Transfer Fiat Payment to Macroansy's Bank Account or by ETH payment to Founder's Wallet Account. Though the name is VC Reserve this reserve can be bought by any Institution.

#### 5.0 Coin Utility Value

Please see ICO White Paper for details.

#### 6.0 Coin Share Distribution

The pie chart shows the share of Coins to all.

The following details reproduced from the ICO White Paper of \$BEEPPower coins.

A total of 270 million coins (with 3 decimal digits) of life time max Hard cap for the ICO would be created while initiating the Coin contracts. 20% is allocated for the Founder, 9% for Startup Pool, 41% Cold Reserve, 10% for Venture Capital Reserve and 20% for the Public. Cold Reserve would be used as per Business Developments through Life Time of Macroansy Business.

### Incremental release of Coin Sale

The public issue for sale would be in increments covering various Series campaigns through the Business Development.

For terms please read Macroansy's **Business Plan, ICO white Paper, General Agreement & ICO Business Policy** published at Macroansy's website.

### **7.0 Cold Reserve Share.**

As of Dec 2018, the Cold Reserve of 41% Share is planned to be sold to Global Institutions who would like to get backing of \$BEEPower coins for their Business Entity's Assets, which enables a Foundation to confidently trade with their Global Partners for their own Business Processes. Details of this process is effected through an Agreement for Backing the Assets with the Coin \$BEEPower. Kindly refer to website <https://macroansy.org> for details.
