MAS© refers to Macroansy®. Website refers to <https://macroansy.org>

This is a formal declaration. The firm Macroansy®'s startup project is hereby segregated from the funding through \$BEEPower Coin.

This Declaration overrides any other document of this Project. Any references to public funding to the project through \$BEEPower coin shall be considered as replaced as per the essence and spirit of this declaration.

The completed and commissioned Coin Use Case Projects through entities MAS Coin Rex©, MAS SIGN©, MAS PRIVATE BANK© would be considered as independent projects, which are online for service right now. The combined Revenues of MAS Coin REX© & MAS SIGN© are obtained through the one time Coin Sale and a % of peer to peer Coin Sale Trade value. At this moment no Revenue is planned from MAS PRIVATE BANK©. The Revenues of the Coin Use Case Projects in itself could equal or exceed the Revenue of the Startup Project 'E-Commerce of Global Consulting', hence the \$BEEPower coin's Sale and Price strategy remains the same.

It is further planned that the Startup project 'E-Commerce of Global Consulting' would be commissioned with the firm's own profits after gaining through the above Coin 'Use Case' projects. However, in future, after the Startup Project's commissioning, the Startup Project's 'E-Commerce of Global Consulting' asset value would be formally backed to the \$BEEPower coin with additional increase in coin price as per the asset value backed.

It is hereby declared that the startup project 'E-Commerce of Global Consulting' is not included in the speculation bet for funding the same, and MAS© will not be involved in collecting public funding for a future project, also it is hereby declared that MAS© is

providing ONLY 'Crypto Coin Use Case' PRIVATE services through completed, commissioned blockchain projects through entities MAS Coin Rex©, MAS SIGN©, MAS PRIVATE BANK©. Any public can buy the coins for using its 'Use Case' services for their own PRIVATE USE ONLY. The coins are sold using a unique speculation strategy to give benefit to early buyers. However the coin buyers may not buy and use the coin if their country has outright ban of using crypto currency coins. Institutions may kindly check with their legal counsel.

The Distributed Application (DApp) 'MAS Exchange©' under the entity MAS COIN REX©, provides a simple mechanism for private 'Sell-Buy' of coins using a simple strategy as described on the website. This is exclusively for the \$BEEPower Coin and provided as a convenience and 'value gain' for the public for their urgent cash back needs to ETH. This process is not like a Crypto Coin Exchange Trade.

The DApp 'MAS Trade©', under the entity MAS PRIVATE BANK©, provides a simple private banking processes with the \$BEEPower coin as its digital currency, including an e-commerce auto payment process.

Macroansy® reserves the right to any other issues which cannot be perceived and explicitly mentioned herein including legal jurisdiction. Macroansy® declares that it has clearly specified its objective and purpose regarding this declaration.

Apart from this declaration the Coin owners automatically comply with Macroansy®'s general Privacy Policy, Use Policy, Business Policy as published on their website, even if it does not specifically address this declaration, and it is deemed that those policies are general in nature and its essence and spirit is applicable to any international formal business process through which Macroansy® deals with its clients and customers.
